

It's time to give back

What Is Project SHARE?

Project SHARE (Supplying Hemophilia Aid and Relief) is a humanitarian program that donates factor, a lifesaving blood-clotting medicine, to patients with bleeding disorders in developing countries, and to the hospitals and nonprofit organizations that support them.

Since its inception in 2002, Project SHARE's donations have: allowed students to return to school; attracted rural patients to urban clinics for treatment and education; supported lifesaving surgeries and physiotherapy; empowered patients to take control of their health and wellness; and encouraged patients and families to create hemophilia societies where none existed.

Project SHARE ensures that tens of millions of dollars worth of factor, which would otherwise be destroyed, reaches impoverished people with bleeding disorders. This factor comes mainly from US patients who switch products, and from hemophilia treatment centers (HTCs) and home care companies with excess inventory. Project SHARE is the central advisory agency for anyone seeking information about donating factor overseas.

OUR VISION

A global hemophilia community where lifesaving factor is shared consistently and conscientiously, alleviating the suffering of patients in underserved countries, and empowering patients to actively participate in their own healthcare.

Our Mission

Encouraging the hemophilia community in developed countries to donate unwanted factor to developing countries, with the following goals:

- Attracting underserved patients to treatment centers
- Supporting camps, surgeries, and physical therapy
- Establishing independent hemophilia care
- Alleviating suffering and saving lives
- Fostering national hemophilia organizational development

I would like to thank you for the previous donation, which helped me in time for my speedy recovery. I am recovering now and in good health. Once again thanking you from the bottom of my heart.

~ S.V.Brahmeswara Rao, India

I'm really thankful for your help again and again for both of my sons. I appreciate your help in saving their lives. Thanks!

~ Vorleak Nuon, Cambodia

We are so grateful for your contribution in assuring Andrew the hemophilia medication. I much appreciate your effort and your work.

~ Mariam Shokralla, Egypt

I appreciate this donation and wish to thank you for your continued consideration.

~ Jeffrey Stewart, Barbados

We received the factor donation for Tyron's knee surgery and words cannot express how thankful we are. Thank you for this blessing! Thank you for giving every hemophilic person hope. Thank you for everything that you do.

~ Pheona and Tyron Laville, Dominica

We can't thank you enough for your quick response to our request. Jeremi Eviota's condition was deteriorating. Your quick assistance once again helped save a precious life.

~ Andrea Trinidad, Philippines

Words can't describe how thankful I am for all the help you give my son Hirwa. Thank you so much.

~ Sylvestre Mulinda, Rwanda

Activities & Accomplishments

- Donated 6 million IU of factor (valued at \$6 million) to 34 countries.
- Donated 1,606 mg (valued at \$2.5 million) of NovoSeven to 9 countries.
- Made the first donation of factor in history to St. Lucia.
- Emailed 12 monthly updates on all clotting products received and donated to Project SHARE partners, World Federation of Hemophilia (WFH), and other interested parties.
- Provided factor for hemophilia camps in the Dominican Republic and Romania.
- Performed an assessment visit to Uganda for future donations.
- Visited Kenya to meet with program partner Jose Memorial Haemophilia Society.
- Visited the Dominican Republic to assess patient needs.

Shipped clotting medicine to 34 countries, including two new countries (highlighted in green); expanding our outreach to 80 countries since our inception in 2002.

It's Time to Give Back

How Project SHARE Has Helped

Chetan Motivaras received factor for a knee replacement.

Joross Gabito needed factor after bumping his head with another student.

Levente Kovacs received factor to treat a stomach bleed.

The Dominican Republic camp was given factor to treat 55 boys.

2016 Factor Recipients by Region

Sources of Factor Donations

Project SHARE accepts donations of unwanted and unused in-date factor from all reputable sources, including specialty pharmacies, home care companies, US individuals, HTCs, hemophilia nonprofit organizations, and pharmaceutical companies. For donations from individual patients, a valid medical reason must exist. For example,

- You have changed factor brands.
- You have developed an inhibitor, or for some other medical reason you no longer respond to your current product.
- You have factor that cannot be used before it expires.

Our goal is to recover excess or unwanted factor that would otherwise be destroyed. We accept any number of vials, in any assay size, within days of expiration.

Ancillary Supply Donations

Project SHARE's partnership with International Medical Equipment Collaborative (IMEC) allows donated durable medical equipment and ancillaries to reach qualified medical personnel in developing countries. Our partnership allows Project SHARE to focus on what we do best—shipping factor.

For more information, please contact IMEC directly.

In Gratitude

A special thanks to all who have donated factor to Project SHARE in memory of a loved one.

Project SHARE is grateful for the continued financial support of our corporate partners:

- ASD Healthcare
- Shire
- New England BioLabs
- Novo Nordisk Inc.
- Octapharma
