

On behalf of my family, we would like to express our deepest gratitude to Project SHARE for sending factor for Shane. Words often fail us in lifesaving situations like this, and we know our thank-you can never be enough, but nevertheless, thank you very much! May your organization continue to flourish and help more people; may you always experience grace-filled moments.

~ Pearl Joy, Philippines

I am please to inform you that Muhammad Daud has recovered. His entire family is praying for all of you as this donation brought happiness back into their lives.

~ Saif-ul-Islam, Pakistan Haemophilia Patient Welfare Society, Pakistan

Thank you Project SHARE for the support bestowed on the youth in India. With your support and encouragement, the Youth Group of Hemophilia Federation (India) will achieve greater heights.

~ Mukesh Garodia, India

SHARE**

It's time to give back

What Is Project SHARE?

Project SHARE (Supplying Hemophilia Aid and Relief) is a humanitarian program that donates factor, a lifesaving blood-clotting medicine, to patients with bleeding disorders in developing countries, and to the hospitals and nonprofit organizations that support them.

Since its inception in 2002, Project SHARE's donations have allowed students to return to school; attracted rural patients to urban clinics for treatment and education; supported lifesaving surgeries and physiotherapy; empowered patients to take control of their health and wellness; and encouraged patients and families to create hemophilia societies where none existed.

Project SHARE's unique program assures that tens of millions of dollars worth of factor, which would otherwise be destroyed, reaches impoverished people with bleeding disorders. This factor comes mainly from US patients who switch products, and from hemophilia treatment centers (HTCs) and home care companies with excess inventory. Project SHARE is the central advisory agency for anyone seeking information about donating factor overseas.

OUR VISION

A global hemophilia community where lifesaving factor is shared consistently and conscientiously, alleviating the suffering of patients in underserved countries, and empowering patients to actively participate in their own healthcare.

Our Mission

Encouraging the hemophilia community in developed countries to donate unwanted factor to developing countries, with the following goals:

- Attracting underserved patients to treatment centers
- Supporting camps, surgeries, and physical therapy
- Establishing independent hemophilia care
- Alleviating suffering and saving lives
- Fostering national hemophilia organizational development

Activities & Accomplishments

- Donated 6.5 million IU of factor (valued at \$6.5 million) to 37 countries, providing relief to hundreds of people with bleeding disorders.
- Brokered donation of 1.1 million IU of AIMAFIX and Uman Complex factor between Kedrion S.p.A. and India.
- Received donation of 1 million IU of Kogenate® FS from Bayer HealthCare.
- Donated 95,000 IU of factor VIII and IX for six hemophilia camps in India.
- Provided 150,000 IU of factor VIII for camp in Armenia.
- Emailed 52 weekly updates on all factor donations to Project SHARE partners, World Federation of Hemophilia, and other interested parties.
- Surpassed 450 friends on Facebook!

Countries where we donated factor, including **three new** to Project SHARE:

- Afghanistan
- Albania
- Armenia
- Bangladesh
- Cambodia
- China
- Dominican Republic
- Egypt
- El Salvador
- Ethiopia
- Ghana
- Guatemala
- Guyana
- India
- Indonesia
- Ivory Coast
- Jamaica
- Kenya
- Lebanon
- Mexico
- Mongolia
- Nepal
- Nigeria
- Pakistan
- Peru
- Philippines
- Romania
- Saudi Arabia
- St. Vincent & Grenadines
- Somalia
- Tanzania
- Trinidad & Tobago
- Uganda
- United Arab Emirates
- Vietnam
- Zambia
- Zimbabwe

It's Time to Give Back

How Project SHARE Has Helped

Shipped factor for Mohammad Zafar U. of Bangladesh, who was suffering from a limb-threatening bleed.

Donated factor for Denniel A. of the Philippines, who was suffering from a CNS bleed and has an inhibitor.

Made site visit to Kenya.

Supplied factor for six camps in India.

2011 Factor Recipients by Region

Sources of Factor Donations

Project SHARE accepts donations of unwanted, in-date factor from all reputable sources, including specialty pharmacies, home care companies, US individuals, HTCs, hemophilia nonprofit organizations, and pharmaceutical companies. For donations from individual patients, a valid medical reason must exist. For example,

- You have changed factor brands.
- You have developed an inhibitor, or for some other medical reason you no longer respond to your current product.
- You have factor that cannot be used before it expires.

Our goal is to recover excess or unwanted factor that would otherwise be destroyed. We accept any number of vials, in any assay size, within days of expiration.

Ancillary Supply Donations

Project SHARE's partnership with International Medical Equipment Collaborative (IMEC) allows donated durable medical equipment and ancillaries to reach qualified medical personnel in developing countries. Our partnership allows Project SHARE to focus on what we do best—shipping factor.

For more information, please contact IMEC directly.
