

I received the medicine today. Thanks a bunch for everything!  
~ *Leemar Yarde, Barbados*

We are very thankful for the medicine that was sent. Thanks to all of those who help us.  
~ *Laurence and Lloyd Baksh, Guyana*

I would like to thank you for the medicine you have sent me.  
~ *Abin Prasad, Fiji*

Thank you very much for a swift reply and especially for the help. Without you we could not achieve this cause of helping people with hemophilia.  
~ *Peter Cipres Janquin, RN, Philippines*

Thank you for your kind support for our member Bhavin Chauhan.  
~ *Hemophilia Society Vadodara Chapter, India*

SHARE**

*It's time to give back*

## What Is Project SHARE?

Project SHARE (Supplying Hemophilia Aid and Relief) is a humanitarian program that donates factor, a lifesaving blood-clotting medicine, to patients with bleeding disorders in developing countries, and to the hospitals and nonprofit organizations that support them.

Since its inception in 2002, Project SHARE's donations have: allowed students to return to school; attracted rural patients to urban clinics for treatment and education; supported lifesaving surgeries and physiotherapy; empowered patients to take control of their health and wellness; and encouraged patients and families to create hemophilia societies where none existed.

Project SHARE ensures that tens of millions of dollars worth of factor, which would otherwise be destroyed, reaches impoverished people with bleeding disorders. This factor comes mainly from US patients who switch products, and from hemophilia treatment centers (HTCs) and home care companies with excess inventory. Project SHARE is the central advisory agency for anyone seeking information about donating factor overseas.

## OUR VISION

A global hemophilia community where lifesaving factor is shared consistently and conscientiously, alleviating the suffering of patients in underserved countries, and empowering patients to actively participate in their own healthcare.

## Our Mission

Encouraging the hemophilia community in developed countries to donate unwanted factor to developing countries, with the following goals:

- Attracting underserved patients to treatment centers
- Supporting camps, surgeries, and physical therapy
- Establishing independent hemophilia care
- Alleviating suffering and saving lives
- Fostering national hemophilia organizational development

## Activities & Accomplishments

- Donated 4 million IU of factor (valued at \$4 million) to 30 countries.
- Donated 798 mg (valued at \$798,000) of NovoSeven to five countries.
- Brokered donation of 846,000 IU of AIMAFIX between Kedrion and India.
- Brokered donation of 397,000 IU of Emoclot between Kedrion Portugal and Ghana.
- Brokered donation of 241,000 IU of Emoclot between Kedrion Portugal and Zambia.
- Emailed 12 monthly updates on all clotting products received and donated to Project SHARE partners, World Federation of Hemophilia (WFH), and other interested parties.
- Performed site visits to Barbados, St. Vincent and the Grenadines, Cambodia, Rwanda, and met with colleagues at the WFH congress in Australia.

Project SHARE shipped factor to 30 countries in 2014.

*It's Time to Give Back*

## How Project SHARE Has Helped

Donated factor to Mikiya A. of Ethiopia for a head bleed.

Donated factor to Imran of Pakistan for an eye bleed.

Donated factor to Saddam M. of India for left leg surgery.

Donated factor to Lucia R. of Peru, who had been bleeding for a month.

## Sources of Factor Donations

Project SHARE accepts donations of unwanted, in-date factor from all reputable sources, including specialty pharmacies, home care companies, US individuals, HTCs, hemophilia nonprofit organizations, and pharmaceutical companies. For donations from individual patients, a valid medical reason must exist. For example,

- You have changed factor brands.
- You have developed an inhibitor, or for some other medical reason you no longer respond to your current product.
- You have factor that cannot be used before it expires.

Our goal is to recover excess or unwanted factor that would otherwise be destroyed. We accept any number of vials, in any assay size, within days of expiration.

## Ancillary Supply Donations

Project SHARE's partnership with International Medical Equipment Collaborative (IMEC) allows donated durable medical equipment and ancillaries to reach qualified medical personnel in developing countries. Our partnership allows Project SHARE to focus on what we do best—shipping factor.

For more information, please contact IMEC directly.

## In Gratitude

Special thanks to all who have donated factor to Project SHARE, especially those who donated in memory of a loved one.

Project SHARE is grateful for the continued financial support of our corporate partners:

- ASD Healthcare
- Baxter Healthcare Corporation
- CSL Behring
- New England BioLabs
- Novo Nordisk Inc.
- Octapharma
